

# SOLAR PANEL SYSTEM

**CONSULTING COMPANY:**  
**OSUMI VIETNAM CO.LTD**

**EPC CONTRACTOR:**  
**CUNG UNG VIET**  
**ENVIRONMENTAL SERVICES CO.,LTD**

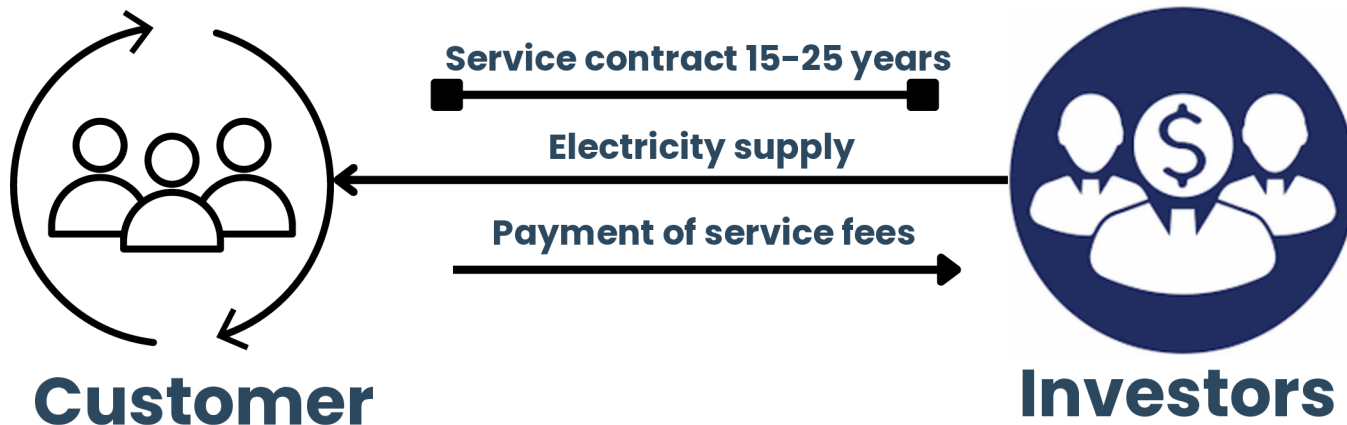

**OSUMI**

We are doctors of the Earth

OSUMI VIETNAM, as a consulting company, is working with investors to promote the introduction of rooftop solar power systems. The implementation of this system not only helps reduce greenhouse gas emissions but also significantly reduces electricity costs for businesses.

## Features of our PPA on-site services

1

### No initial cost

All equipment will be provided by the investor, so there are no initial costs for customers.

2

### Providing the best system for you

Investors customize the system to their specifications.

3

### One-stop service from research to operation

Investors carry out everything from research, planning, design, construction, and maintenance in one stop.

4

### Energy professionals manage your equipment

Leave the management of your equipment to our energy professional investors.
